

## The Copper Queen Store

We're Selling Lots of  
of Flannellettes.

WHY?

We sold more Flannellettes last Fall than we ever did before. There was a reason for it.

We shall sell more Flannellettes this fall than last, and for a very good reason, too.

Thanks to several lucky purchases and the outlet for quantities our three stores give us, we are offering as good, if not better, values than we did last year.

And right in the face of a very great advance in price of all cotton stuffs.

24 in. wide 12 1-2c yd  
35 in. wide 15c and 20c yd.

In the thousands of yards you can pick from, we don't believe you can find an "off" pattern. It does seem as if they get prettier each season.

### ATTEMPTED HOLD

#### UP AT NACO

DR. BRANDON DRIVES ROBBERS  
AWAY WITH GUN.

Several Reported Attempts to Enter

Houses and Places of Business.

Ranger Brooks Makes a Capture.

(Special Correspondence.)

Naco, Oct. 28.—(Delayed in transmission.)

At about 2 o'clock Thursday morning

two men attempted to force an

entrance into the house of Dr. Brandon,

the well known Naco Physician.

The burglars first attacked the side

door, and succeeded in partly forcing

it off its hinges. Failing in this, or

thinking the noise would wake the

family, the men next proceeded to

open the screen of the side window.

By this time the doctor was fully

awake and had his gun. Opening

the front door he sneaked across the

veranda and fired six shots at the

men. Owing to the heavy window

panes and the darkness his aim

was uncertain, and the robbers fled

for the time. Whether either of

them was hit is not known.

A number of thefts from local stores

have been perpetrated and ware-

houses broken into and goods taken.

While several attempts to break into

houses are reported to the officers.

Ranger Brooks attempted to arrest

two Mexicans who sneaked across the

line and were at the C. Q. Warehouse

about midnight, Saturday night. The men were drunk and armed. They fought the rangers who only succeeded in arresting them after a hard struggle. One man threw a bottle at Brooks, just missing his head. The officers have made a number of arrests.

#### New Railroad Order.

Trainmaster Brown, of the E. P. & S. W., has just issued a bulletin to all trainmen prohibiting them from making what is known as flying switches except in cases where the work can not be done otherwise. The bulletin also prohibits the practice of running engines in sidings and letting the train drop by on the main line, as it is claimed that much damage has been done to the company's equipment, which was directly attributed to this practice.

#### FOUND DEAD MAN.

Wednesday, while hunting, Frank Derr discovered a dead man about four miles east of town. Today Judge Talbot and Sheriff Roberts went out to the place and viewed the remains. They found a man about 60 years of age, lying dead.

A union card was found near the remains, showing that deceased was a member of Jerome Miners' union, and was named Joe Hood. There were no signs of violence. The man seemed to have been dead about a month. He was dressed very neatly. Some animal had eaten away part of the flesh on the left cheek. Undertaker Logan went out to bring in the remains.—Prescott Herald.

**CONFIDENCE** inspired by work that is right and gives satisfaction is the reward of the oldest Plumbing and Tinning Shop of Bisbee. In order to do work right it is necessary to have good mechanics—this shop has them. Do you doubt it? Try them and receive that satisfaction which goes with all work done by **E. G. ORD**, the up-to-the-minute Plumber but by **E. G. ORD**, and Tinner, Broadway Gulch, Phone 8.

You will find hundreds of other interesting Bargains at the

**Bazaar Bargain House**  
Opposite Post Office.

## LOW RATES IN PROSPECT ALREADY

GENERAL PASSENGER AGENT  
STILES IS INTERVIEWED.

His Line, the El Paso and Southwestern, Will Put On a Service Commensurate With the Business of Don Luis When Service Warrants it.

V. R. Stiles, the popular general passenger agent of the El Paso and Southwestern Railway, has been in the city for the past three or four days arranging for the excursion trains to the ball game at Don Luis next Sunday between Bisbee and El Paso cities. In fact, it would appear to the ordinary layman that Bisbee would be the proper place for the general passenger agent to be. Of course, it seems like to say our headquarters are at El Paso, but he'll be sorry some of these days, when Bisbee becomes Greater Bisbee, that he did not stay with us. Here is where the business of the company is, and instead of having to write down to that little two-by-four town on the waterless Rio Grande for information concerning business appertaining to Bisbee, and the principal point of business on line, the powers that be in the company should give us the general passenger and freight agent at any rate.

A Review representative found Mr. Stiles absorbed in thought Wednesday evening, and interrupted that gentleman long enough to obtain an interview with him regarding the prospective rates that would apply between Bisbee and Don Luis in the prospective competition that would ensue from the operation of the new electric line, for which a franchise has been granted by the council at its last meeting.

In answer to the question as to what arrangements his company would probably make in regard to handling the passenger business between Bisbee and Don Luis, said: "I have already detailed a man to visit Don Luis and the different development camps in that vicinity to ascertain the actual number of people who would patronize a suburban service and is already promised to the Don Luis Townsite company, we will put on such a service just as soon as the business will justify." Mr. Stiles was then asked: "What will be done when the proposed electric line is in operation?"

"It is superfluous for me to say that the E. P. & S. W. is here to stay, and that we always have been in the passenger business, and propose to remain in it regardless of opposition in the way of electric lines.

"Our line must be maintained, therefore we can operate a suburban service at minimum cost.

"Our friends representing the new line will find us always at the old stand and ready for business."

"What fare will be charged?" "Really I can hardly say definitely, but probably a ten cent fare each way, and am thinking of placing a commutation ticket on sale at even a lower rate than that."

Further than this Mr. Stiles could not be induced to go in the conversation, but all he had to say was accompanied by one of those knowing smiles of his which means that he doesn't know a thing when he knows it all.

There can scarcely be any doubt, however, that the citizens of Don Luis residing there, and the business who may wish to visit their neighbors in the new town will be enabled to go almost any old minute, and at a rate of fare that will not break the family if they take all the members of it.

### MACCABEE LADIES

#### HELD A SOCIAL

TENDERED RECEPTION TO CAST  
OF LOCAL PLAY.

Tammany Hall the Scene of Swell Social Function on Tuesday Last at Which Were Present Many Bisbee-ites.

The Ladies of the Maccabees tendered an informal reception Tuesday evening to those who took part in the Old Maids' Convention, given in the Opera House here last week. ### GOES EAST TO SELL MINE STOCK

C. C. MCCOY WILL MARKET EAST  
SIDE STOCK.

Will Also Purchase Machinery for His Company—states Mine is Not to Be Sold at Any Price.

C. C. McCoy, president of the East Side Gold Mining company, left last evening for San Francisco, from which point he will go to New York and New Jersey on business connected with his company. Mr. McCoy stated before leaving that his visit to the East at this time is for the purpose of putting on the market about 80,000 shares of the stock of the company.

Asked if there was any truth in the rumor that a deal is pending for the sale of the East Side property, Mr. McCoy strongly denied that such is the intention of the owners. "The East Side is not for sale at any price," said he. "It suits the owners, and we consider it one of the best propositions in this district. There is absolutely no truth in any rumor to the effect that we want to sell."

McCoy will see to the purchase of machinery and a hoisting plant to be installed on the property shortly after his return, which will be in about four weeks. He will also attend a meeting of the directors of the company to be held in Lambertville, New Jersey, at an early date.

During his absence the business of the company at this end will be looked after by W. A. Eckert, assistant secretary of the concern.

Last Thursday morning at Marvel, William F. Miller shot and instantly killed George Simmons, locally known as the "Turquoise King." No reason is given for the killing, but it is thought that Miller had a grievance against Simmons on account of his discharge from Simmons' employ some time ago.—Kingman Miner.

FOR SALE—Five hundred Copper Glance, 27c; sixty Calumet & Bisbee, 75c. OSCAR SCHLIEF, Laurium, Michigan.

**Best Meals On Wheels.**

Rock Island meals  
Are the best on wheels.

Fix this little jingle fast in your memory.  
Some day it will be useful.  
Some day you will go East—to Omaha, Kansas City, St. Joseph, Chicago or beyond.  
You won't know which line to take until you remember that

Rock Island meals  
Are the best on wheels.

Then you'll know.  
Seriously, though, the Rock Island dining car service is superb; the cleanest of clean linen, the finest of china and silverware, the best of food, and waiters and cooks who "know how."
